

Dear Customer,

While Advanced Circuits is deeply saddened and dismayed over the current state of the nation and the world due to the devastating effects of **the Corona Virus COVID-19**, we will continue to stay strong and unite to get through this evolving Pandemic.

As a responsible business partner, Advanced Circuit's main concern is keeping our ***employees, vendors, and customers safe by following strict CDC requirements during this time. We are taking full precautions, and implementing enforced safety procedures in all of our facilities.***

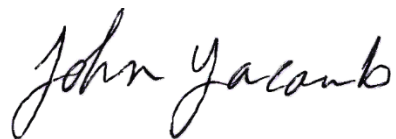

In effort to continue to serve as much as we can during this critical time, Advanced Circuit's is working around the clock in all three of our manufacturing facilities across the US.

We take pride in our responsibility to assist the world in this crisis by producing printed circuit boards for the medical, commercial, military, and many more industries. We are doing everything we can to ensure your boards are on-time and built to the highest quality standards.

Again, thank you for your business and continuous support during this time. We will continue to stay in close communication with our customers, and be assured you are our first priority. Advanced Circuits is here to serve you in these times, and we will be closely monitoring and making changes as needed along the way.

If you have any questions or concerns, please feel free to reach out to me personally.

Yours Truly,

John Yacoub

CEO/Chief Executive Officer
